## **More retakes allowed – current GED test**

*The following e-mail was sent out via the KYAE-news listserv.*

Last week, the GED® Testing Service (GEDTS) announced an expanded retake policy for the 2002 Series GED® test on paper.

**Your students who have already taken all three forms of the paper/pencil GED® test this year now have an additional opportunity to pass.**

In extending additional opportunities for test-takers to complete the 2002 Series test, we need to keep in mind that testing repeatedly is not necessarily the best strategy for everyone. This option should really be used with test-takers who are closest to succeeding in completing the battery.

This is an excellent opportunity for students! Please contact all qualified students and encourage them to get back into your centers today.

To schedule, contact your local GED® testing center.
